Transport and Works Act 1992

Transport and Works (Applications and Objections Procedure) (England and Wales) Rules 2006 – Rule 10(2)(e)

The Midland Metro (Wednesbury to Brierley Hill Land Acquisition) Order

DECLARATION AS TO THE STATUS OF THE APPLICANT

The West Midlands Combined Authority (WMCA) is a statutory body established by the West Midlands Combined Authority Order 2016 (S.I. 2016/653) made by the Secretary of State on 16 June 2016 under the Local Democracy Economic Development and Construction Act 2009.

The West Midlands Combined Authority Order 2016 abolished the West Midlands Integrated Transport Authority, dissolved the West Midlands Passenger Transport Executive and transferred those organisations' functions, property, liabilities and rights to the WMCA.

The WMCA is therefore the successor body to the West Midlands Passenger Transport Executive and is the body responsible for the purposes of co-ordination, promotion and, in some areas, the delivery of the wider public transport network for the West Midlands. The WMCA's transport role also includes the implementation of the West Midlands Local Transport Plan which specifically refers to the Wednesbury to Brierley Hill Extension.
