## 1. Decision

- 1.1. That Wednesbury to Brierley Hill Metro Design Guide be approved.

## 2. Background

2.1. The construction of the Metro line from Wednesbury to Brierley Hill is integral to the regeneration of Brierley Hill that is prefaced on provision of robust access arrangements of which Metro is a major component.

2.2. The tenders that will be sought by Centro for the construction of Metro will include a Design Guide that will form the basis of the design standards to be adopted by the concessionaire in submitting the detailed Planning Application for construction of the scheme.

2.3. A presentation was made to the Development Control Committee on the 28th November, the Central Dudley Area Committee on the 8th November and to the Brierley Hill Area Committee on the 27th October and the following comments were received;

Both Area Committees welcomed the construction of Metro and supported the proposals.

The Development Control Committee at its meeting of 28th November 2005 resolved to support the proposals in the Design Guide.

2.4. The Draft Design Guide has been placed in the Members library.

2.5. A presentation will be made to the meeting by Peter Adams Assistant Director Metro Implementation from Centro on the proposed design standards.

## 3. Financial Implications

- 3.1. There are no direct financial implications arising from this report.

## 4. Legal Implications

4.1. Centro have secured powers under a Transport Works Act Order granted on 20th December 2004 to construct the Wednesbury to Brierley Hill Light Rail Line.
